To whom it may concern

Dear Sir/Madam

RE: LETTER OF RECOMMENDATION WITH REGARDS TO MS. ANNIE DE KOK

Annie is the owner and chief financial officer of Prime Solution Projects. She started the company to assist in a construction project that is responsible for the construction of a M-Care psychiatric hospital. One of the objectives of this project was aimed to create local employment in Potchefstroom. She handled all the financial duties of the business that included invoicing, budgeting, retiring debts and payment of all employees. The business soon became profitable and started to differentiate the type of labour it delivered for services. Soon the business started recruiting specialists for the specific requirements of our clients.

She has displayed strong leadership characteristics, problem solving and management capabilities. She ran a business while maintaining good grades during her last year of studies. She has time management skills and always performs above the standard expected of her.

Annie is very passionate about her studies in law and is a very hard working person. I have no doubt that she will make a success out of any task given to her and will be a valuable asset to your team.

Yours faithfully,

Director of Prime Solution Projects

Jeandré Mitton
